Experience

Fingertips Data Intelligence Solutions
Nov 2025 – Present | Full-time

Admin & Technical Operations Executive

- Managed the company admin portal and day-to-day technical operations.
- Administered company servers and maintained firewall configurations to keep technical systems running smoothly and securely.
- Maintained WordPress websites with on-page SEO, and ran Google Ads and Meta Ads campaigns with Canva creatives.

D to D Studio (Client)
Oct 2026 – Nov 2026 | Freelance

WordPress Developer – Website & Admin Panel [Live] [GitHub]

- Built and launched a 21-page website for a design and digital-marketing agency on WordPress, with a shared header, footer and popup lead form.
- Developed a custom admin dashboard with role-based access (5 roles + custom roles), secure login, login limits, lead management and an audit history.

Celebal Technologies
Jun 2025 – Aug 2025 | Internship

Data Analyst Intern

- Built an interactive weather dashboard in Power BI, using Python and MySQL to process and store weather data collected through an API.
- Cleaned weather datasets with Python, stored them in MySQL and analyzed trends for clear dashboard insights.

Indo Web Agency
Jun 2024 – Aug 2024 | Internship

Web Development Intern

- Developed a Myntra-inspired fashion e-commerce website front end using HTML, CSS and JavaScript.
- Implemented responsive layouts, a clean UI and user-friendly navigation across screen sizes.
